

3M™ Cleaning and Workplace Safety

Europe Middle East and Africa (EMEA)
Full Line Catalogue

A large window in the background shows a person in a white protective suit and mask cleaning the exterior of a building. In the foreground, a grey floor buffer is positioned on a highly reflective, polished blue-grey floor. The room has light-colored walls and baseboards with vents.

**Discover a world of
affordable, smart
cleaning equipment
and supplies, backed
by practical advice and
technical knowhow,
to enhance your
building and transform
your business.**

3M provides facility managers and contract cleaners with innovative, sustainable, high-value solutions to help protect a building's life and enhance the performance and productivity of employees.

3M facilities care and cleaning solutions enhance protection, performance and productivity for the life of a building. Whether you need cleaning or janitorial supplies, or facility maintenance materials, 3M products deliver.

We also provide industry-leading Scotch-Brite™ products for food service cleaning needs, from griddle cleaning to appliance cleaning, as well as solutions for testing food quality and safety.

Facility and operations managers

To help meet the important challenges faced by facilities managers, 3M has developed innovative cleaning and floor protection products that deliver measurable commercial benefits and sustainability advantages.

3M is committed to developing cleaning equipment and supplies that help lower your total maintenance costs. For example, floor care is not measured merely by the expense of cleaning and polishing floor pads, it also includes the cost and difficulty of effort, a measure of floor performance over time and the durability of the products used.

Our wide range of cleaning equipment and supplies are designed to:

- ▶ Safely clean and protect your building, especially in visible high traffic areas
- ▶ Deliver quality results
- ▶ Provide superior cleaning performance
- ▶ Be truly cost effective, by lowering your total costs

Building service contractors

The key to running a successful cleaning business is the ability to provide outstanding services in a highly competitive environment. It requires hardworking, reliable and well-trained cleaners, backed by experienced cleaning supervisors – and the support of partners who understand what it takes to maintain a first-class reputation.

3M has supported successful contract cleaning firms with innovative janitorial cleaning supplies and maintenance products.

3M continuously innovates to create green cleaning products – making life easier for contract cleaners and helping you manage costs.

Health care environmental services professionals

For more than 50 years, 3M has offered our health care and education industry partners innovative facility cleaning and facility maintenance and safety solutions to help protect patients, students and staff while reducing overall costs and providing the highest return on investment.

3M's goal is to provide healthy and clean environments. This is achieved by providing quality facility cleaning, maintenance and safety products, a thorough training curriculum and personnel documentation for regulatory compliance and quality assurance programmes. Specific products and programmes have been designed to help educational facility and maintenance managers decrease labour costs and effectively train employees.

3M helps validate the efficacy and performance of your cleaning.

Food service professionals

The Scotch-Brite™ brand has been recognised as a leading restaurant cleaning supplies brand in the food service industry. The quality, durability and efficiency of Scotch-Brite™ cleaning products is why they have become a top choice for food service professionals around the world. Through innovation and technology, 3M continues to develop efficient and cost-effective products for your commercial kitchen cleaning needs.

Solutions for architects

As an architect you simply can't afford to specify materials in your designs that might let you down. It's really not worth compromising on product performance and reliability when you could be putting your reputation at risk. 3M understands this and the demands your clients place on you – the need for performance, durability and long-term cost effectiveness. For this reason most architects worldwide feel confident in specifying 3M products and solutions, and work with us to help develop new and innovative solutions for the next generation of sustainable and more efficient buildings.

Hand pads and scourers

Scotch-Brite™ Commercial Hand Pads Scourers feature a uniform mineral/abrasive coating on fibres throughout the pad. As the pads are used, new mineral is continually exposed, ensuring optimum cleaning performance and a long life.

The quality, durability and efficiency of Scotch-Brite™ cleaning products is why they've become a top choice for food service professionals around the world.

3M provides the right tool for every cleaning task – from light-duty to extra-heavy applications.

Most 3M hand pads are HACCP approved.*

*Please contact 3M for HACCP endorsement certification details for specific products you are reviewing/purchasing.

Why choose 3M?

Quality

- ▶ Efficient and cost-effective products

Durability

- ▶ Long lasting usage

Performance

- ▶ Effective and consistent performance throughout the life of the pad

Save money

- ▶ Durable, long lasting

Save labour

- ▶ Scours faster, helping save time on each job

Breadth of product line

- ▶ Variety of pads, right product for the right application

Applications

Facilities	Type of soils	Application and services	
Restaurants ▶ Quick serve ▶ Full serve Food processing facilities ▶ Meat and seafood processing ▶ Vegetable processing ▶ Others Commercial buildings ▶ Business ▶ Hospitals Public buildings ▶ Government ▶ Schools and universities	Non-food ▶ Stains, marks, scuffs ▶ Soap scum, hard water stains Non-baked on food ▶ Thin, soft, non-sticky ▶ Thick, soft, sticky Baked on and burnt food ▶ Thin, crispy ▶ Thick, hard, stubborn	▶ Acrylic ▶ Aluminium ▶ Appliance ▶ Baseboard ▶ Booths, tables and chairs ▶ Brass/silver ▶ Ceramic ▶ China ▶ Chrome ▶ Cooking equipment ▶ Copper ▶ Countertops/ laminates ▶ Desks ▶ Elevator doors ▶ Glass	▶ Glass cookware ▶ Griddle ▶ Kitchen equipment ▶ Maintenance equipment ▶ Mirrors ▶ Non-stick cookware ▶ Painted surfaces ▶ Plasticware ▶ Porcelain ▶ Pots and pans ▶ Railings ▶ Sinks/tubs/showers ▶ Stainless steel equipment ▶ Vinyl

Hand pads and scourers

Scotch-Brite™ White Cleaning Pad – 98 – light duty

Soft fibres and a mild abrasive enable this pad to clean most surfaces gently but thoroughly without scratching. Ideal for ‘non-stick’ and delicate surfaces including glass, plastic, fine china, rubber, porcelain, stainless steel and painted fixtures.

Country	3M order code	Product no.	Product detail	Packout

Scotch-Brite™ Pot and Pan Scourer – extra heavy duty

The hardest working pad available; even the most stubborn deposits are scoured clean, especially useful for heavily encrusted pots and pans, kitchen and maintenance equipment. Ideal replacement for stainless steel wool and metal scourers. Open weave construction for easy cleaning.

Country	3M order code	Product no.	Product detail	Packout
EMEA	7100157791	450	158mm x 95mm – Blue	10 × 6 pads/case
EMEA	7000089930	88	87mm x 125mm – Green	100 pads/case
EMEA	7000089928	76	103mm x 180mm – Green	100 pads/case

Scotch-Brite™ Power Pad 2000 – heavy duty scouring pads

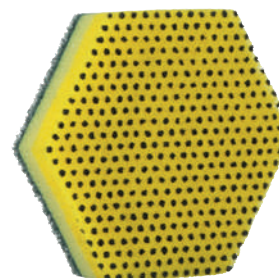

Scours 2–4 times faster than conventional commercial scouring pads, and is 6–10 times less abrasive than other medium/heavy-duty commercial scouring products to reduce scratching.*

- ▶ **Fibre:** durable synthetic fibres that are crimped and heat set to create a strong web
- ▶ **Scouring particles:** unique soil-removing particles for effective scouring, cleaning and scrubbing. Particles are evenly distributed throughout the pad to ensure effective, consistent scouring and lasting performance throughout the life of the pad
- ▶ **Resin:** high-quality bonding resin system designed to provide resistance to degradation from exposure to hot water, detergents and normal cleaning liquids

Country	3M order code	Product no.	Product detail	Packout
EMEA	7100034383	2000	Scotch-Brite™ Power Pad 99mm x 139mm	20 pads/case

Scotch-Brite™ Dual Purpose Scour Pad 96HEX

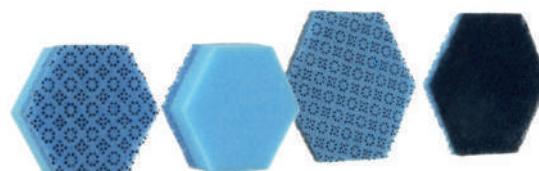

Features a yellow raised power dot side that aggressively scours away tough messes with less elbow grease. The smooth side scours away fine particles and grease, leaving a clean and shiny surface.

Use for general purpose cleaning, including:

- ▶ Pots and pans
- ▶ Cooking appliances and utensils
- ▶ Kitchen and maintenance equipment
- ▶ Stainless steel

EMEA	7100202994	3001HEX	113mm x 98mm – Medium Duty scouring sponge	4 × 4 sponges/case

*Internal test conducted in the 3M USA laboratory

Scotch-Brite™ Purple Pad 2020 – heavy duty

Cleans your dirtiest pots and pans twice as fast as conventional heavy duty scouring with less scratching.* Food debris rinses out of the pad easily. Unique web construction stands up to your toughest jobs. Scratches less than other heavy duty pads.

- ▶ Designed to provide heavy-duty scouring and scrubbing capability with significantly lower scratching potential
- ▶ Contains durable synthetic fibres that are manufactured to develop a strong, open pad surface
- ▶ Mineral particles are distributed evenly on the surface and through the pad to provide consistent scouring over the life of the pad
- ▶ Constructed with resin that resists degradation from exposure to hot water, detergents and most cleaning liquids
- ▶ A good replacement for most applications where steel wool and stainless steel scrubbers are currently used

Scotch-Brite™ Blue Cleaning Pad – light duty

A light duty scourer pad on one side and sponge on the other. Ideal for light duty cleaning jobs as it will not scratch most surfaces. Ideal for stainless steel, glass, ceramic, fine china, porcelain, countertops and non-stick surfaces.

Country	3M order code	Product no.	Product detail	Packout
EMEA	7100157792	770	131mm x 88mm x 27mm	24 x 10 sponges/case

Scotch-Brite™ Easy Erasing Pad 4004

Soft, flexible pad cleans many surfaces. Innovative white polymeric foam erases hard-to-clean stains, marks and scuffs. Unique blue urethane layer provides durability and keeps hands away from messes. Easy-to-use. Simply wet pad and squeeze out excess water. Use white side of pad to erase marks. Use blue side to wipe away residue.

- ▶ Trademarked bow-tie shape
- ▶ Soft, flexible pad cleans many surfaces without using additional chemicals – just use water
- ▶ Blue urethane foam sponge holds water to keep pad moist, can be used to wipe after use, and keeps the pad intact over its useful life
- ▶ Pad will not scratch glass, ceramic tile, fibreglass, porcelain, Formica®, metal, Corian®, marble, stainless steel, plastic, vinyl and most wall coatings
- ▶ Optimal performance of product is achieved when used with water alone. Detergents and sanitising cleaners are not recommended for use with this product

Scotch-Brite™ High Performance Microfibres

The High Performance microfibre is an effective way to clean and polish almost any surface without the use of chemicals. The microfibre itself is chemical-free and picks up dirt, oil and grease without streaking or smearing. The microfibre can be reused by throwing it in the washing machine. The microfibre can be used on virtually any surface. Try it on plastic, glass, mirrors, brass, stainless steel, chrome, metal, marble, painted metals, ceramic, fibreglass, electronic equipment, computer monitors. Great for removing lipstick from cups and glasses.

A hand is shown using a blue-handled metal griddle cleaning tool to clean a metal surface. The tool has a blue plastic handle and a metal base with a grid of small holes. The background shows a metal surface with some residue and a brown cleaning pad.

Griddle and appliance cleaning

3M offers a wide portfolio of safe and effective cleaning solutions for griddles, fryers and beyond.

These solutions range from the traditional griddle brick cleaning system to our advanced Quick Clean Griddle cleaning system. 3M offers a range of scouring pads to suit your cleaning needs.

*Please contact 3M for HACCP endorsement certification details for specific products you are reviewing/purchasing

Griddle and appliance cleaning

3M™ Scotch-Brite™ Fryer and Kitchen Cleaning Tool

Scotch-Brite™ Fryer and Kitchen Cleaning Tool is your versatile, go-to solution to clean a wide range of commercial kitchen surfaces.

Grey heavy duty pad: heat resistant up to 176°C. Ideal for cleaning open vat style fryers and to remove soil build up on flat surfaces. Green medium duty pad: with polishing abrasive, heat resistant up to 176°C. Thin web suited to cleaning hard-to-reach areas. Use to remove grease and food soil between coils and on flat surfaces. Blue low scratch cleaning pad: low scratch pad that is heat resistant up to 176°C. Use to remove grease and food soil between coils and on flat surfaces.

- ▶ Designed to reach and clean tight spaces, gaps and hard-to-reach areas of fryers
- ▶ Adjustable to three different positions to provide leverage for cleaning various surfaces and hard to reach areas in fryers
- ▶ Ideal for cleaning most fryers and other flat surfaces
- ▶ Heat-resistant, durable and long lasting
- ▶ Extended position for longer reach – keeps your hands away from potential hot spots whilst delivering the leverage you need
- ▶ High-quality bonding resin system designed to provide resistance to degradation from exposure to hot water, detergents and normal cleaning liquids

A woman with long brown hair in a ponytail, wearing a dark grey short-sleeved shirt and black trousers, is cleaning a large glass window. She is holding a blue cloth in her right hand and a white spray bottle with a blue label in her left hand. The window reflects the sky and shows a view of green trees outside. The floor is covered with a patterned carpet.

Surface cleaning chemicals

Cleaning power where and when you need it.

Surface cleaning chemicals

3M™ Stainless Steel Cleaner and Polish

Ideal for stainless steel, chrome, laminated plastics and aluminium surfaces. With a high-gloss formula, it wipes clean with no streaks or build-up, resists fingerprints and masks surface blemishes. Pleasant citrus fragrance.

- ▶ Cleans and polishes in one step
- ▶ Pleasant citrus fragrance
- ▶ Leaves a light protective film
- ▶ Masks blemishes
- ▶ Slows resoiling
- ▶ Reduces fingerprinting
- ▶ Resists streaking
- ▶ Leaves no greasy build-up on surfaces
- ▶ HACCP certified product

Floor cleaning and dusting tools

3M has a range of dusters, mops, sweepers and doodlebugs to make your facilities floors shine. 3M's specially designed 3M™ Easy Clean System is a more efficient way to dust, scrub and shine. The system helps to reduce labour costs, increase performance and cut chemical waste.

Floor cleaning and dusting tools

3M™ Doodlebug™ Pads

3M™ Doodlebug™ Cleaning System – used as part of a general cleaning program to clean baseboards, under equipment and hard-to-reach areas. There are two types of holders and a variety of pads to ensure fast and efficient cleaning.

3M™ Doodlebug™ Holder and Pole 6472

This pad holder comes with a swivel joint which is ideal for reaching awkward areas. The supplied extension handle helps to clean floors, walls and other hard-to-reach places.

Country	3M order code	Product no.	Product detail	Packout
EMEA	7000002232	6472	Kit with pad	4 kits/case

3M™ Doodlebug™ Holder and Adaptor 6475

This pad holder also comes with a swivel joint, but instead of the extension handle, we have included an adaptor that will enable you to fit a pole of your choice (25mm diameter).

EMEA	7000052516	8550	Extra Heavy Duty 115mm x 250mm	40/case

3M™ Easy Clean System

3M™ Easy Trap™ Duster System

3M™ Easy Trap™ Duster – sweep and dust sheets reduce the risk of bad impressions by trapping up to 8 times more dirt, dust and sand than when using traditional dust mops or a competitive sweeping dust cloth brand. Convenient disposable sheets mean no laundering.

The Easy Trap™ Duster glides through and traps debris, especially hair. Use with any flat floor or high duster tool. Take as little or as much as needed – comes in rolls perforated every 15 cm (6"). Use both sides. Expect maximum results from minimum training in veterinary clinics, hair salons, hospitals, gyms, schools – nearly anywhere.

- ▶ Traps up to 8 times more dirt, dust and sand than conventional flat fringed cotton dust mops or a competitive sweeping dust cloth brand*
- ▶ No special tool required. Use on existing floor tool or high duster
- ▶ Glides through and traps hair even on wet surfaces – convenient disposable sheets, no laundering required – ideal for picking up glitter and other small particles
- ▶ After one side is used, flip it over and use the other side. Sheets are made with a minimum of 60% recycled content
- ▶ Packaging is made from a minimum 65% total recycled content – a minimum 35% of the total recycled content comes from post-consumer waste

Country	3M order code	Product no.	Product detail	Packout

*Internal test conducted in the 3M USA laboratory

Change your products, not your process.

Get a first-class shine without all the burnishing, scrubbing, stripping and recoating – or the harsh chemicals. The 3M™ Advanced Floor Care System helps you get the results you want with the tasks you do every day.

- ▶ **Beautiful appearance**
High gloss with less labour and fewer chemicals
- ▶ **Cost savings**
Fewer needed procedures and less equipment and product use means lower total cost of ownership
- ▶ **Less labour and disruption**
Reduced need for the recurring maintenance tasks that are most disruptive to your facility and your guests
- ▶ **Protect your investment**
As use of hand sanitisers becomes more widespread, protect your floors with a coating that can resist the surface damage they can cause

For best results, use all the elements of the 3M™ Advanced Floor Care System as part of your routine floor maintenance. Using the whole system can significantly reduce or eliminate the need for burnishing.

Floor Finishes and Coatings

Scotchgard™ Stone Floor Protector, 3.8L Bag

Every year, poorly maintained floors are responsible for more than two million customer and employee fall injuries. The result is billions of dollars in medical, insurance and litigation costs. In just two coats, Scotchgard™ Stone Floor Protector creates an NFSI-Certified 'high traction' surface that can help prevent slips and falls. What's more, you get a long-lasting, glossy, natural-looking floor that's less susceptible to scuffs, black marks, stains and scratches.

- ▶ No stripping or deep scrubbing required, eliminating operator exposure to and environmental release of potentially hazardous stripping chemicals
- ▶ Easy to spot-repair damaged areas
- ▶ Unique hybrid technology that densifies, increases hardness and improves wear

Country	3M order code	Product no.	Product detail	Packout
EMEA	7100180836		3.8L	2 bags/case

Scotchgard™ Resilient Floor Protector, 3.8L Bag

High Performance floor coating for vinyl and vinyl composition substrates which offers a good and clean appearance over time, with benefits of labour savings and elimination of stripping versus conventional acrylic finishes.

Water-based formula penetrates and protects resilient flooring surfaces such as vinyl, vinyl composition and solid vinyl tile.

Country	3M order code	Product no.	Product detail	Packout
EMEA	7100058130	12507	3.8L	2 bags/case

A person wearing a dark blue long-sleeved shirt and khaki pants is operating a large, industrial floor buffer machine. The machine has a prominent yellow hose connected to its top. The person's hands are on the machine's handles. The machine is in the process of buffing a highly reflective, light-colored floor. The background shows a blurred office or industrial setting with some equipment and a window.

Floor Pads

Every 3M™ Floor Pad is made to high-quality standards. Ongoing innovation and advancements in technology make 3M™ Floor Pads more effective than ever.

Each floor pad in 3M's full line is engineered specifically for a particular maintenance task.

Floor Pads

For over 50 years, high performing 3M™ Floor Pads have been an industry leader. High performance aligns well with durability.

When compared to the nearest competitor, 3M™ Floor Pads:

- ▶ Remove deep scuff marks 7 times faster*
- ▶ Provide nearly 40% more aggressive floor stripping*
- ▶ Have 25% better cut on Schiefer test*
- ▶ Have 50% better burnishing durability*

Every 3M™ Floor Pad is made to high-quality standards. Ongoing innovation and advancements in technology make 3M™ Floor Pads more effective than ever.

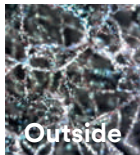

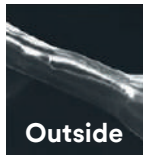

- ▶ Each floor pad in 3M's full line is engineered specifically for a particular maintenance task
- ▶ 3M™ Floor Pad uniformity and quality helps produce less machine wobble and vibration, less operator fatigue, prolonged useful life of the pad and better results on your floors
- ▶ Uniform coating throughout every 3M floor pad helps produce a long, useful life, resulting in less pad usage

All floor pads are not created equally

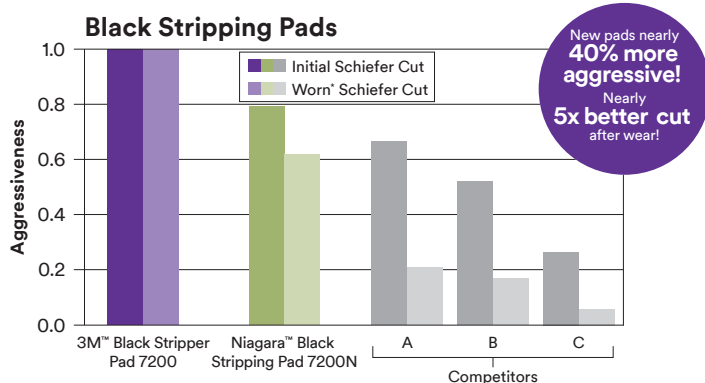

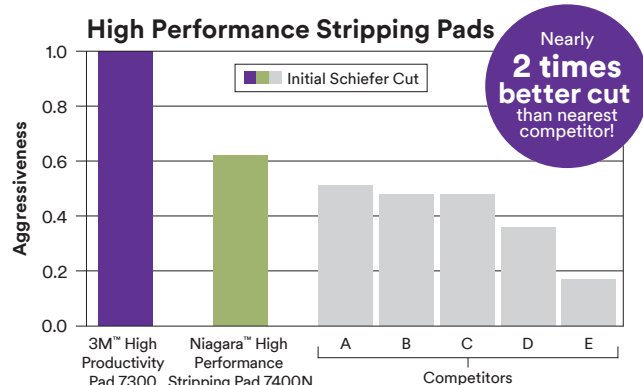

The differences between floor pads may seem small but when added up, they can make a big difference to your bottom line in terms of productivity and labour costs.

Consider the following attributes of 3M™ Floor Pads that help set them apart from the competition:

- ▶ Uniform distribution of mineral abrasives throughout the pad – not just on the surface – offers impressive performance and a long, useful life
- ▶ Individually separated and coated fibres help produce more consistent, high-quality results
- ▶ The combination of highly conformable fibres help to provide maximum pad-to-floor contact

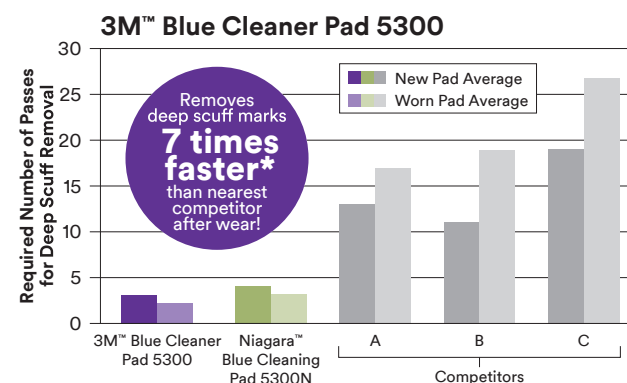

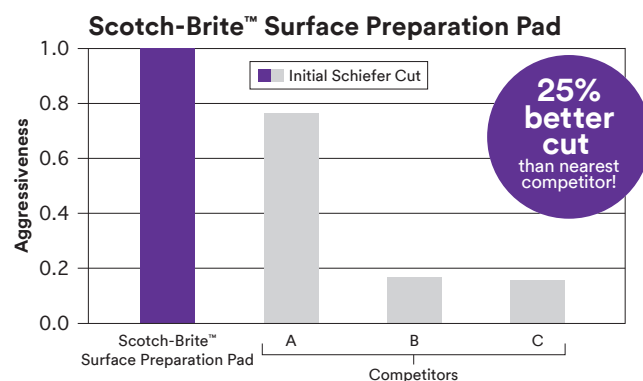

3M™ Floor Pads		Other floor pads	
 Inside	 Outside	 Inside	 Outside
▶ Fibres uniformly coated with resin and mineral throughout entire pad, producing more consistent results ▶ Combination of highly conformable fibres help to maximise pad-to-floor contact		▶ Fibres randomly coated with resin and mineral, which can produce inconsistent results ▶ Larger fibres are less conformable, providing fewer contact points with the floor	

Floor Stripping: Aggressiveness

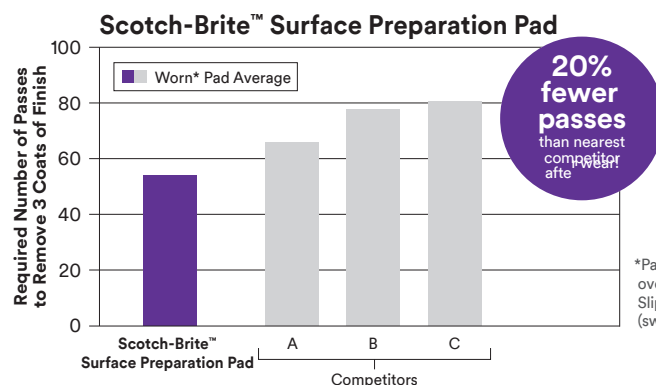

*Pads worn via 50 passes over 3M™ Safety-Walk™ Slip-Resistant Treads 610 (swing machine)

Floor Stripping: Aggressiveness

*Worn pad average

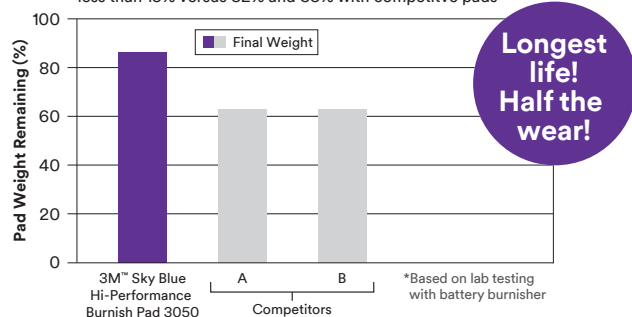

*Pads worn via 25 passes over 3M™ Safety-Walk™ Slip-Resistant Treads 610 (swing machine)

Burnishing: Durability

3M™ Sky Blue Hi-Performance Burnish Pad 3050

After burnishing 350,000 square feet of flooring, pad weight loss was less than 15% versus 32% and 33% with competitive pads*

*Based on lab testing with battery burnisher

Choosing the right pad for the right job

Stripping

3M™ High Productivity Pad 7300 Pad

Most aggressive stripping pad.
Resists loading and clogging.
For fast removal of finish.

Scotch-Brite™ Black Pad

Standard of the industry.
Consistent proven performance.
Long pad life.

Scotch-Brite™ Brown Pad

Conformable for uneven floors.
Heavy duty scrubbing for 2–4 coat removal.
Strips prior to refinishing.

Scrubbing

Scotch-Brite™ Surface Prep Pad Plus

For heavy-duty scrubbing and for 2–4 coat removal prior to recoating.

Scotch-Brite™ Blue Pad

For heavy-duty scrubbing for 1–2 coats prior to recoating.

Cleaning and buffing

3M™ Topline Autoscrubber Pad 5000

Scrubs and cleans without dulling the finish.
Ideal for use on an Autoscrubber.

Scotch-Brite™ Red Pad

For everyday cleaning and light scrubbing.
Removes light soil scuff marks and black heel marks.

Scotch-Brite™ White Pad

For light cleaning to help remove soil and scuff marks with minimal dulling of finish.

Cleaning and gloss recovery

Scotch-Brite™ Clean & Shine Pad

Not only provides a deep clean but improves gloss levels over time.
Ideal for use on an Autoscrubber.

*See pages for list of floor pad sizes and codes.

Burnishing

3M™ Eraser Burnish Pad 3600

For harder finishes and high traffic areas.

Removes black marks and returns gloss in fewer passes.

Best gloss

3M™ Natural Blend White Pad 3300

Excellent results on a wide variety of finishes.

Provides consistent high gloss white minimising swirl marks.

Blend of natural and synthetic fibres.

Diamond Coated Floor Pads

Scotch-Brite™ Sienna Diamond Floor Pad

For worn and dull floors in poor initial condition.

Cleans, conditions and polishes to a medium shine.

Made of high-quality synthetic fibre, with abrasive particles, including high-quality synthetic diamonds for cleaning and conditioning marble, terrazzo, slate and polished concrete flooring.

Scotch-Brite™ Purple Diamond Floor Pad Plus

For floors with medium shine in good initial condition.

Cleans and polishes floors to a brilliant gloss finish.

Made of high-quality synthetic fibre, with abrasive particles, including high-quality synthetic diamonds for cleaning and conditioning marble, terrazzo, slate and polished concrete flooring.

*See price pages for list of floor pad sizes and codes.

Why you should choose 3M™ Floor Pads?

Uniform coating throughout every 3M floor pad helps produce a long, useful life, resulting in less pad usage.

3M™ Floor Pads:

- ▶ Remove deep scuff marks 7 times faster*
- ▶ Provide 40% more aggressive floor stripping*
- ▶ Offer 50% better burnishing durability*

*When compared to closest competitor. Test done in USA laboratory.

First choice

3M™ High Productivity Pad 7300

Our most aggressive stripping pad. Unique open construction resists loading and clogging. For fast removal of finish and proven consistent stripping.

Scotch-Brite™ Surface Preparation Pad Plus

Heavy-duty scrubbing for 2–4 coat removal prior to recoating.

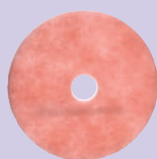

Scotch-Brite™ Clean & Shine Pad

Use the two-sided Scotch-Brite™ Clean & Shine Pad for daily cleaning and dustless polishing.

Scotch-Brite™ White Pad

Ideal for removing soil and scuff marks with minimal dulling. Also used to polish wood floors.

3M™ Eraser Burnish Pad 3600

Removes black marks and returns gloss in fewer passes than other pads while producing less dust. Ideal for harder finishes and high traffic areas. Excellent durability and minimal finish removal.

3M™ Natural Blend White Pad 3300

Blend of natural and synthetic fibres. Excellent results on a wide variety of finishes and traffic conditions. Consistent high gloss with minimal swirl marks.

Scotch-Brite™ Sienna Diamond Floor Pad Plus

Diamond-coated floor pads clean and condition worn and dull marble, terrazzo, slate and polished concrete, bringing it to a medium gloss.

Scotch-Brite™ Purple Diamond Floor Pad Plus

Diamond-coated floor pads further enhance the appearance of terrazzo, slate and polished concrete.

Other choices

Scotch-Brite™ Black Pad

Standard of the industry.
Consistent proven performance.
Long pad life.

Scotch-Brite™ Blue Pad

Heavy-duty scrubbing for 1–2 coat removal prior to recoating.

3M™ TopLine Autoscrubber Pad 5000

Scrubs and cleans. Open construction resists clogging. Ideal for autoscrubbers.

Scotch-Brite™ Red Pad

Designed for everyday cleaning and light scrubbing to remove light soil, scuff marks and black heel marks.

Scotch-Brite™ Natural Blend White Pad

Blend of natural and synthetic fibres. Ideal for harder finishes and high traffic conditions. Removes marks and scuffs while polishing.

Scotch-Brite™ Brown Pad

Conformable stripping pad for uneven floors. Super heavy-duty scrubbing for 2–4 coat removal.

3M™ Red Buffer Pad 5100

Designed for everyday cleaning and light scrubbing to remove light soil, scuff marks and black heel marks.

Choose the right floor pad for the job

No two floor maintenance jobs are exactly alike. That's why 3M, the inventor of floor pad technology manufactures a wide range of products designed for specific types of equipment and maintenance tasks.

Green Seal

The Green Seal Environmental Innovation programme recognises products that significantly reduce environmental impact through product innovation. 3M™ Floor Pads* are certified by Green Seal® for Environmental Innovation based on a design for significantly improved performance, durability, or both, extending the useful life of the floor pad and reducing solid waste generation.

*3M™ and Scotch-Brite™ Brand Floor Pad families include: 7300, 7200, 5300, 3050, SPP Plus, SPP, Purple Diamond, and Clean & Shine Niagara™ Brand floor pad families include: 7400N, 7200N, 5300N, and Deep Scrubbing Pad.

Greener Solutions

Greener Solutions is a 3M program for 3M™ Floor Pads* that are made with at least 50% post-consumer recycled materials and water-based latex resins. Plus, our packaging is 100% recyclable and made with 50–100% recycled content. The polyester fibre used to make a range of floor pads* contains a minimum of 50% post-consumer recycled content. The recycled polyester fibre used is third-party certified for post-consumer recycled content.

* 3M™ Brand Floor Pad families include: 3300, 3400, 3500, 3600, 5000, 5100, Sienna and Purple Diamond Pad. Niagara™ Brand Floor Pad families include: 3300N, 3400N, 3500N, 3700N, 5100N, 5400N and 7200N.

Floor pads

3M™ Trizact™ Diamond TZ Discs

Give marble, terrazzo, polished concrete and other porous stone floors new life with 3M™ Trizact™ Diamond TZ Discs featuring proprietary 3M technologies and manufacturing techniques, these advanced abrasives leave exceptionally consistent scratch patterns, maximising efficiency and reducing the number of steps in the restoration process.

- ▶ Uniform cutting surface stays sharp and effective through the life of the discs
- ▶ Wet process does not create dust
- ▶ Compatible with standard floor cleaning equipment (low speed rotary and automatic scrubber)
- ▶ Fast material removal rates
- ▶ Use on your existing flat grinding and finishing equipment – both single and double-sided lapping machines
- ▶ Cleaner operation – reduces machine wear
- ▶ Designed to work with aqueous coolants to reduce clean-up and toxic waste disposal issues associated with abrasive slurries
- ▶ Minimises sub-surface damage
- ▶ Designed for speed, consistency and control needed for flat finishing, grinding and lapping of technical ceramics, glass and exotic metals

3M™ Trizact™ Diamond TZ Discs, Red

Diamond disc system for refurbishing and initial finishing of worn and damaged stone floors using low-speed rotary or automatic equipment.

3M™ Trizact™ Diamond TZ Discs, Blue

For intermediate finishing and pre-polishing stone floors using low-speed rotary or automatic equipment.

Country	3M order code	Product no.	Product detail	Packout

EMEA	7100249984		Blue Trizact Disc	4 × 4 discs/case

Scotch-Brite™ Clean & Shine Pad

The Scotch-Brite™ Clean & Shine Pad shines the floor as you clean with it. With repeated use, your floors gradually achieve burnish-quality results without the extra step of actually burnishing. Using a low-speed autoscrubber with just plain water or neutral cleaner, it effectively removes scuff marks faster than traditional floor pads and lasts significantly longer. So you can maintain a shining reflection with less time, effort and equipment.

Use the two-sided Scotch-Brite™ Clean & Shine Pad for daily cleaning and dustless polishing.

- ▶ **Less time to clean**
Removes black marks 3 times faster than traditional cleaning pads
- ▶ **Reduce burnishing**
Shine increases with each use to reduce or even eliminate the need for burnishing
- ▶ **Less equipment**
Clean and shine in the same step using only a lowspeed scrubber
- ▶ **Fewer chemicals**
Effective with just water
- ▶ **Replace less often**
Lasts longer than traditional cleaning pads
- ▶ **Versatile**
Can be used on most coated and uncoated floors including VCT, vinyl, stone, terrazzo, concrete, marble, granite and rubber

Floor safety

3M offers a full range of functional, slip-resistant tapes and treads suitable for industrial or residential applications in dry, wet or oily conditions.

Protection that shines

As a leading global manufacturer of slip-resistance products, 3M offers a full range of functional, slip-resistant materials designed for the safety of people in the workplace.

These mineral and non-mineral coated products are suitable for industrial or residential applications in dry, wet or oily conditions. 3M™ Safety-Walk™ Slip-Resistant Tapes and Treads adhere to clean, dry surfaces without wrinkling, curling, tearing, shrinking or lifting and offer proven durability for long life. A pressure sensitive adhesive backing makes it easy to apply tapes and treads without the use of anchoring.

3M™ Safety-Walk™ Tapes and Treads meet or exceed the standards and recommended guidelines for slip resistance in accordance with EMEA requirements. Standard rolls and pre-cut treads are available in a variety of sizes, colours and textures ranging from fine resilient, medium resilient and general purpose to coarse and conformable material types.

3M™ Safety-Walk™ Slip-Resistant Fine Resilient Tapes and Treads – 200 Series

A fine-textured, slip-resistant surface with a pressure-sensitive adhesive backing provides enhanced safety and comfort in light and barefoot traffic areas.

- ▶ For wet, barefoot-traffic areas
- ▶ Non-mineral, fine-textured, slip-resistant vinyl surface
- ▶ High-performance, water-resistant, acrylate adhesive is ideal for wet conditions
- ▶ Applications include showers, tubs, surfboards, around hot tubs and pools
- ▶ Colours: white and clear

3M™ Safety-Walk™ Slip-Resistant Medium Resilient Tapes and Treads – 300 Series

A soft-textured, non-mineral, medium resilient surface bonded to a pressure-sensitive adhesive backed plastic film.

- ▶ For barefoot or shoe-traffic areas
- ▶ Non-mineral, medium-textured, slip-resistant polyolefin surface
- ▶ Textured resilient high-friction surface and durable adhesive provide long-lasting performance
- ▶ Applications include locker rooms, around hot tubs and pools, boats, personal watercraft, water skis, exercise equipment and conveyers
- ▶ Colours: Black and grey

3M™ Safety-Walk™ Slip-Resistant Conformable Tapes and Treads – 500 Series

A high-friction, slip-resistant material that has a special pressure-sensitive adhesive-backed aluminium film that conforms around corners and adheres to irregular surfaces.

- ▶ For irregular or contoured surfaces in light to heavy shoe-traffic areas
- ▶ Mineral-coated, high friction slip-resistant surface
- ▶ Aluminium backing conforms to corners, curves and irregular surfaces
- ▶ Aggressive, high performance adhesive forms an excellent bond for a secure hold
- ▶ Applications include stairs, ladders, loading ramps, platforms, irregular surfaces like diamond plating or flat surfaces with rivets or screw heads
- ▶ Safety yellow colour for high visibility and easy identification of hazard areas
- ▶ Colours: Black and yellow

3M™ Safety-Walk™ Slip-Resistant General Purpose Tapes and Treads – 600 Series

A mineral-coated, slip-resistant material adhered by a durable resin to a pressure-sensitive adhesive-backed plastic film.

- ▶ For light to heavy shoe-traffic areas
- ▶ Mineral-coated, high friction slip-resistant surface
- ▶ Highly durable surface withstands the rigors of equipment traffic
- ▶ Low-profile design helps reduce trip hazard
- ▶ High-performance pressure-sensitive adhesive for easy application
- ▶ Applications: flat surfaces, steps, stairways, entrances, ramps, ladders, lawn equipment, snowmobiles, scooters, construction machinery and vehicles
- ▶ Colours: Black, yellow, clear and black/yellow

3M™ Safety-Walk™ Coarse Tapes and Treads – 700 Series

Extra-large mineral particles and durable construction provide additional slip resistance in extreme conditions.

- ▶ For extreme, heavy-traffic areas
- ▶ Extra-large abrasive mineral particles help provide a stable slip-resistant surface even in the presence of water or oil
- ▶ High performance adhesive creates an excellent bond to most surfaces
- ▶ An open abrasive pattern resists clogging and reduces clean up time
- ▶ Applications include construction vehicles, ship and plane decks, trains, semi-trailers, oily wet areas, platforms and ramps, machine shops, agriculture and forestry equipment, recreational vehicles
- ▶ Colours: Black and grey

Primer for 3M™ Safety-Walk™ Applications

Primer prepares surfaces for proper adhesion prior to application.

Country	3M order code	Product no.	Product detail	Packout
EMEA	7100003278	94 Primer	3M™ Primer 94 – various surfaces and substrates	12 × 236ml /case
EMEA	7000001584	94 Primer	3M™ Primer 94 – various surfaces and substrates	12 × 950ml /case

3M™ Safety-Walk™ Edge Sealing Compound

3M™ Safety-Walk™ Edge Sealing Compound is a liquid, solvent-based sealer that protects exposed edges of slip-resistant tapes and treads from excessive moisture or liquids.

One 147ml tube with convenient tube applicator seals approximately 22 to 30 linear metres.

Country	3M order code	Product no.	Product detail	Packout

EMEA	7000051951	903 Roller	3M™ Safety-Walk™ Rubber Hand Roller	1 roller/case

Spill management

3M pioneered the development of synthetic sorbents while leveraging one of our core technologies. Our sorbents contain no abrasive granules that can damage expensive equipment. Instead, they're made from microfibre materials, which contain millions of tiny pockets that absorb and hold liquids.

Choose from petroleum (oil-only), maintenance (for non-aggressive liquids), and chemical (for most aggressive and non-aggressive liquids) formats.

Spill management

Now more options

3M Sorbents are available in high-capacity, medium-capacity and traditional absorbency so you can select the right product for the size of your potential spill.

These pads and rolls can be wrung out and reused many times with virtually no loss in absorbency. We complement our rolls and pads with booms, minibooms, pillows, drum covers, spill kits and response packs for use with many types of spills and tasks.

Sustainability

Our high and medium capacity sorbents are lightweight to reduce the volume of waste going into landfill. 3M Sorbents can be incinerated with very low ash residue.

High-capacity sorbents contain at least 25% recycled content by weight.

Medium-capacity sorbents contain at least 50% recycled content by weight.

Additional benefits

- ▶ 3M's microbundle technology employs millions of tiny voids to absorb liquid – effectively doubling the capacity of the material
- ▶ 3M Sorbents absorb more so you don't have to use as much and create less waste
- ▶ 3M Sorbents are made from inert polypropylene and polyester fibres that trap liquid in the voids
- ▶ 3M Sorbents are lightweight, non-abrasive and come in many shapes and sizes to perfectly fit your application
- ▶ 3M™ Petroleum Sorbents can be reused; 90 percent of the oil can be wrung out and reclaimed
- ▶ 3M™ High and Medium Capacity Sorbents are made with scrim on one or two sides to help eliminate linting

Cost benefits of 3M sorbents

3M™ Sorbents' superior absorbency properties offer significant cost benefits associated with materials, labour and disposal.

Sorbing a 94 litre spill

Number of pads required:

77 pads

3M HP-156

petroleum sorbent

146 pads

Competitive multi-layer,
heavy oil only sorbent

Kilograms (kg) of sorbent going into disposal

3kg

Different types of sorbents

3M Oil and Petroleum Sorbents

- ▶ For control and clean-up of petroleum-based fluids
- ▶ Repels water and floats
- ▶ For use on land or water

3M Chemical Sorbents

- ▶ For control and clean-up of most hazardous liquids
- ▶ Resists reactions with most hazardous chemicals, including acids
- ▶ Absorbs petroleum-based and aqueous-based solutions

3M Maintenance Sorbents

- ▶ For control and clean-up of non-aggressive liquids
- ▶ Helps maintain a clean and safe working environment
- ▶ Absorbs petroleum-based liquids and aqueous-based liquids
